

# FELLOW

## STAGG EKG ELECTRIC KETTLE

The Stagg EKG is Fellow's electric pour over kettle designed for coffee-lovers. With variable temperature control, and a stunning minimalist design, the Stagg EKG is the ultimate pour over kettle.

By simply turning the knob on the EKG base, you can select your desired temperature ranging from 57-100 degrees Celsius. The selected temperature is displayed on the small LCD screen on the base, and will show the real time temperature as the water is heating up.

### Features:

- Variable temperature control
- LCD Screen
- Hold Option
- Brew Stopwatch
- Precision pour spout
- Counter-balanced handle
- Celsius or Fahrenheit options
- Small, minimalist base
